ABOUT IN LSAMP AT IUPUI

The Louis Stokes Alliances for Minority Participation (LSAMP) program funded by the National Science Foundation (NSF) assists universities and colleges in their efforts to significantly increase the quality and quantity of students successfully completing science, technology, engineering and mathematics (STEM) baccalaureate degree programs. Particular emphasis is placed on transforming undergraduate STEM education in support of racial and ethnic groups historically underrepresented in STEM disciplines: African Americans, Hispanic Americans, American Indians, Alaska Natives, Native Hawaiians, and Native Pacific Islanders.
